EAST JORDAN, MICHIGAN, SATURDAY, JULY 17, 1915.

No. 29

East Jordan Now Has State Militia

Our Military Organization Mustered Into State Service Wednesday.

When the East Jordan Independent Military Company was organized a couple of years ago, it was with the hope that some day they would become a part of the Michigan National Guard. This hope was fully realized last Wednesday evening, when the members of the old Company "X" were sworn into State service and the organization became Company I, 33rd Michigan National Guard. This sounds easy in print, but it has meant work of the strenuous sort to bring the membership up to the qualifications demanded by the State Military Board.

The mustering in took place on Main street in front of the Russell House. General John P. Kirk, chief of staff, administered the oath, and following this made a brief address in which he congratulated our citizens on being able to have a company of State Militia, saying that this was by far the smallest city in the State that boasted such an honor. Colonel Rogers, quartermaster general, and Charles Rheims of the quartermaster department were also present; Mr. Rheims coming up first of the week with the equipment which consists of about \$8000 worth of supplies in good condition.

Below is a roster of the officers and members of Company I, 33rd M. N. G.:

Captain—Henry L. Winters
First Lieutenant—Wm. C. Spring
Second Lieutenant—L. G. Balch
1st Sergeant—James Gidley

Card of Thanks.

We wish to thank the friends and neighbors for their kindness shown us by cultivating our crops on Thursday last.

Mrs. Maggie Barkley and family.

School Meeting Held Monday

One of the Most Harmonious in History.

Annual meeting of the voters of School District No. 4, South Arm township, held in central building July 12th 1915.

Meeting was called to order by President, I. D. Bartlett. The Secretary, W. P. Porter, being absent, W. H. Sloan was appointed to act as secretary of the meeting. Minutes of the annual meeting of 1914 read and approved. The financial report of the district was read and on motion was accepted and adopted.

Treasurer L. A. Hoyt read his report which was accepted and adopted. The President read the recommendations of the Board to raise \$12000 for school purposes for the ensuing year. Moved and seconded that the recommendation be accepted.

Moved and seconded that the motion be amended to make the sum to be raised \$13000. Motion as amended carried.

Moved by Wm. Malpass seconded by A. M. Murphy that the school year be nine and one-half months. Motion carried. The meeting then proceeded to the election of a trustee.

W. P. Porter was nominated to succeed himself for a term of three years. As there were no other nominations it was moved by C. L. Lorraine, seconded by James Malpass that the secretary be instructed to cast an unanimous ballot of the meeting for Mr. Porter. Motion carried.

Motion to adjourn carried.
H. H. SLOAN, Secretary.

Notice of Teachers' Examination

The regular teachers' examination will be held August 12-14, in Charlevoix. Applicants wishing papers forwarded to other counties please write with pen. Written reports of the reading circle books will be accepted in place of theory and art test. Reading is based on Emerson's "American Scholar." Certificates of all grades issued. Paper furnished.

MAY L. STEWART,
Com'r of Schools

NOTICE TO PLUMBERS

Sealed bids for installing water meters will be received by the city Commission of the city of East Jordan, until 8:00 o'clock p. m., July 19, 1915. The Commission reserves the right to reject any and all bids.

OTIS J. SMITH, City Clerk.

THE WEEK IN HISTORY

Monday, July 12.—Mr. Parnell and Home Rulers withdraw from London Parliament, 1882.

Tuesday, 13.—European portion of Alexandria, Egypt, entirely destroyed, 1882.

Wednesday, 14.—Colossal statue of Republic unveiled in Paris; National fete declared, 1883.

Thursday, 15.—Duke of Monmouth beheaded in England, 1685.

Friday, 16.—Mrs. Abraham Lincoln died, 1883.

Saturday, 17.—Tunis (Africa) makes treaty with France, taking over debt of 5,000,000 pounds, 1884.

Sunday, 18.—The French appeal to the Chinese for indemnity, 1884.

MUCH ADLER-I-KA USED IN EAST JORDAN

It is reported by James Gidley that much Adler-i-ka is sold in East Jordan. People have found out that ONE SPOONFUL of this simple backthorn bark and glycerine mixture relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. ONE MINUTE after you take it the gasses rumble and pass out. It is perfectly safe to use and cannot gripe. —James Gidley, druggist.

THEY WRITE EVERY DAY.

Every day Foley & Co. receive letters from grateful men and women, telling how Foley Kidney Pills cured them of backache, sore muscles, stiff joints and other kidney and bladder troubles. Is very quick to relieve lumbago and rheumatism due to kidney trouble. No other remedy has a longer record of cures.—Hite's Drug Store.

We are now in the market for and will pay the highest market price for Wool and Hides. Phone 159 or call at n-y place of business on Second-st.—HARRY KLING.

MICHIGAN CROP REPORT

Lansing, Mich., July 7, 1915.

WHEAT.—The average estimated yield of wheat in the State is 17.69, in the southern counties 17.66, in the central counties 18.24, in the northern counties 17.09, and in the Upper Peninsula 18.43 bushels per acre. The total number of bushels of wheat marketed by farmers in June at 56 mills is 36,448 and at 69 elevators and to grain dealers 35,788 or a total of 72,236 bushels. Of this amount 54096 bushels were marketed in the southern four tiers of counties 16,167 in the central counties and 1,973 in the northern counties and Upper Peninsula. The estimated total number of bushels of wheat marketed in the eleven months, August-June is 1,065,290. One hundred twenty-five mills, elevators and grain dealers report no wheat marketed in June.

RYE.—The average estimated yield of rye in the State is 15.06, in the southern counties 14.88, in the central counties 15.03, in the northern counties 15.12 and in the Upper Peninsula 18.38 bushels per acre.

CORN.—The condition of corn in the State and northern counties is 71, in southern and central counties 70 and in the Upper Peninsula 79. One year ago the condition of corn in the State was 92.

BUCKWHEAT.—The acreage of buckwheat sown or to be sown as compared with last year is 91 in the State, 90 in the southern counties, 89 in the central counties, 92 in the northern counties and 101 in the Upper Peninsula.

BEANS.—The acreage of beans planted or to be planted as compared with last year is 99 in the State, 94 in the southern counties, 103 in the central counties, 107 in the northern counties and 96 in the Upper Peninsula. The condition of beans compared with an average is 86 in the State, 85 in the southern counties, 87 in the central counties, 89 in the northern counties and 102 in the Upper Peninsula.

POTATOES.—The condition of potatoes in the State is 91, in the southern counties 92, in the central counties and Upper Peninsula 89 and in the northern counties 93.

SUGAR BEETS.—The condition of sugar beets is 93 in the State, 94 in the southern counties, 91 in the central counties, 92 in the northern counties and 87 in the Upper Peninsula.

CLOVER.—The condition of clover as compared with an average is 95 in the State, 96 in the southern counties and Upper Peninsula and 94 in the central and northern counties.

HAY AND FORAGE.—The acreage of hay and forage that will be harvested as compared with last year is 93 in the State, 95 in the southern counties, 90 in the central counties, 89 in the northern counties and 98 in the Upper Peninsula.

PEAS.—The acreage of peas shown as compared with last year is 94 in the State, 95 in the southern and northern counties, 90 in the central counties and 103 in the Upper Peninsula.

The following table shows for the State and the northern counties the estimated acreage of the principal farm products, fruit excepted, for the year 1915:

	State, acres	Northern counties, acres
Wheat	778,273	54,266
Rye	383,817	89,381
Corn	1,907,747	146,793
Oats	1,685,526	150,946
Barley	79,095	2,986
Buckwheat	55,964	10,785
Beans	442,574	25,361
Peas	64,153	31,687
Potatoes	363,754	92,734
Sugar beets	77,372	1,159
Hay and Forage	2,160,471	250,404

We learn from beet sugar manufacturers that the contract acreage is considerably above the figures given by us which we compile from crop correspondents returns, however, much of the contract acreage may not have been planted and the final figures may not exceed our estimate very materially.

FRUIT.—The following table of percentage gives the averages in regard to fruit in the State and the northern counties:

	State.	Northern counties.
Apples—Prospect for an average crop	50	37
Peaches—Prospect for an average crop	56	40
Pears—Prospect for an average crop	40	30
Plums—Prospect for an average crop	54	33
Orchards—Per cent. that are cultivated	37	52
Trees—Condition of last springs setting	82	79
Grapes—Prospect for an average crop	49	42
Raspberries—Prospect for an average crop	80	71

COLEMAN C. VAUGHAN,
Secretary of State.

THREE HOUSEHOLD HINTS.

When making uncooked icing do not beat the white of egg; simply stir in the powdered sugar until stiff enough. This was told by a professional cake-maker.

Keep a cream bottle on the sink and drop all bits of soap into it and fill with hot water. This liquid when cool makes perfect starch. Use the liquid instead of cold water when dissolving the starch before adding the boiling water. You also find the liquid useful for washing, dishwashing.

Once a month remove the brush from the carpet-sweeper and wash it in hot suds. Hang it from two strings on the line and when dry pour over it kerosene oil. When this has dripped dry replace the brush in the sweeper. This brightens the rugs and discourages insects such as moths, roaches, ant etc. Also pour kerosene around the stone step from the porch (back, of course) and near the scrap-pail and kitchen screens. This keeps away flies.

ALONG CAME RUTH.

"Millicent, are you going to the dance Friday night?" telephoned Ruth to her friend.

"No, and I am just sick about it," declared Millicent in dreary accents, "I went to a picnic yesterday and I am so tanned that I know I will not be presentable in a low neck gown!"

"Oh, I can fix that in three or four days, replied Ruth," just let me tell you how. You take fresh lettuce leaves and scald them with a very little water, and let them stand for a few minutes. Then pour the water off and pound the lettuce to a paste in a wood or earthen bowl, then strain through cheesecloth and you will have lettuce juice. Apply this to the face twice a day and let it stay until it dries in, and it will remove all traces of tan in a few days. If you will apply it to your face before going out in the wind or sun, under a cover of talcum powder, it will prevent tan and rough skin."

"Oh thank you Ruth," answered Millicent, just before she hung up, "you are certainly my friend of friends."

NOTICE TO TAX PAYERS

The Tax Roll for the year 1915 for the City of East Jordan are now in my hands for collection on and after July 1st, 1915. All taxes named therein may be paid at any time up to and including July 31st, 1915, without any collection fee thereof. If not paid on or before that date the Charter of said city provides that an addition of 2 per cent shall be made thereto on the first day of August thereafter, and additional 1 per cent, shall be added thereto on the first day of each month that the tax remains unpaid until returned to the county treasurer.

WM. A. PICKARD, City Treas.

BOLTS WANTED.

We want to buy a few hundred cords of four-foot bolts in hemlock, spruce, pine and balsam, 6" and up in diameter, smooth, straight stock, all cut 49" long. Will buy same delivered on car on E. J. & S. R. R. or in our yard.

EAST JORDAN, CABINET CO.

WANTED NOW.

Right now, when hay fever is attacking its victims and when asthma is causing so much distress, there is a demand for Foley's Honey and Tar Compound—the remedy that brought relief to thousands in previous years. Don't continue to suffer. It will help you. Contains no opiates.—Hite's Drug Store

The "Way and Means"

of making better jams, jellies and preserves is now at every woman's command.

Make your preserving syrup of one part Karo, (Crystal White) and three parts sugar and your preserves will retain the full flavor of the fresh fruit. Jams and jellies made this way never crystallize.

Our Preserving Booklet gives the formulas for all fruits. It is free. Send for it.
